MEMORANDUM FOR: [redacted]

SUBJECT: Badge alteration for [redacted]

1. It is requested that [redacted] identification card be so altered as to include an indicator to permit more ready access after normal working hours to restricted areas in Que Building. I have cleared this matter with Mr. Reber, and he asked that I contact you.

2. The reason [redacted] needs this indicator is that it is anticipated he will be required to make frequent stops behind the barrier at Que Building. Also, in the past considerable delay and inconvenience has been experienced when visiting these areas after normal working hours.
